Organiser	English Language Unit, Department of General Studies
Date	1. 14 Mac 2022 (Workshop) 2. 18 April 2022 (Closing)
Level	Departmental
Target group	All semester 3 students enrolled for DUE 30022 for Session II 2020/2021 academic session
Achievements	1. All students managed to participate in the workshop organised. 2. Selected groups chosen for final
Program detail	The program led by Miss Tarishini a/p Visvalingam was conducted to complement the requirement of syllabus content for Chapter 1: Products and Services in DUE 30022. Due to the Covid 19 pandemic outbreak, this program was implemented fully online. This program was held in two different manners, to name, workshop session and closing session held respectively on the 14 th of Mac (Workshop) and 18 th April 2022 for the closing ceremony. Speaker, internal facilitators and external judges and the experts from Design Thinking were called to provide insightful contents as perceived and expected to the students. The students are required to produce a 10 minutes video presentation with a theme of: Workplace clusters are the key source of Covid-19 infections in Malaysia. Their design challenge is to ensure a safe and secure working environment for all. While workshop involved all students registering from DUE 30022, only 5 shortlisted videos were chosen for the final sessions which involved students from Department of Electrical Engineering, Mechanical Engineering, Tourism & Hospitality, and Design & Visual Communication.
Program Objectives	1. Nurture and improve Design Thinking Skills as well as its relationship with the culture of creativity and innovation in everyday life. 2. Enhance the creativity and effectiveness of the teaching and learning process through the correlation between theoretical and practical.
Implementation Strategy	1. A workshop <ul style="list-style-type: none"> • Talk by Dr. Nor Haniza bt Mohamad • Workshop by internal facilitators by: <ul style="list-style-type: none"> - Dr. Prasanna Kesavan (JPA) - Pn. Khatijah Binti Md Saad (JRKV) - Pn. Nor Salwa Binti Sukor (JPH) - Pn. Nurul Fathin Shahera Binti Muhammad Fadzil (JPH) - Pn. Irinah Binti Abdullah (JKM)
Problem	1. The duration to produce the video presentation is too short.
Platform	1. Sponsored Purchased Online Platform <ul style="list-style-type: none"> • Google Meet • Ms Teams

Program Impact	This program managed to provide students on awareness of the importance of sustainable environments for environmental harmony, social justice and economic progress for current and future generation. It also managed to gently forced students to communicate in English especially during the production of the video presentation hence, boost their confidence level to use English in real context outside regular English classroom. This program also provided vast information on Design Thinking Skills in producing holistic students.
